UB SET FOR PARADE

Story on Page 3

Henry Morgan 1949 Recipient of D.D.L.

Here's a New Slant . . .

... on the five finalists for the title of "Miss Kickoff". We'd most like to tackle all of these campus beauties but one of these lucky girls will be officially chosen tonight at the Football Dance, to be held at the Ritz Ballroom. L to R are: Carole Lukachick, sophomore; Joan Reck, freshman; Betty Anne Peterson, freshman; Carlotta Saurez, sophomore; and Pat Kelly, sophomore. All are residents of Bridgeport except Pat Kelly who hails from Yonkers, New York.

Football Dance to Feature Election of "Miss Kickoff" At Ritz Ballroom Tonight

The second annual Football Dance will be held at the Ritz Ballroom tonight with the music of Bob Cinq-Mars and the Yale Collegians for your dancing pleasure.

The feature of the evening will be the election of "Miss Kickoff, the girl we'd most like to tackle". She will be chosen from the five beauties pictured above by judges: Barbara Smetana, Miss Connecticut of 1949; Peggy Fitzgerald, N. Y. radio and television star; Bob Cinq-Mars, orchestra leader; Joseph Barry, manager of the Ritz Ballroom; and Anthony Buonomo, Bridgeport Hair Stylist.

Guests Attend

Honored guests who will attend are: President and Mrs. Halsey, Vice-President and Mrs. Littlefield, Mr. and Mrs. Raymond Patri, Mr. and Mrs. John Kern, Mr. and Mrs. Herbert Glines, Mr. and Mrs. Al Sherman, Mr. and Mrs. Walt Kondratovich, Mr. and Mrs. Chauncey Fish, Mr. John Sherry, Mr. and Mrs. Wendell Kellogg, Mr. and Mrs. Charles Eckstrom, Mr. and Mrs. Charles Pettitjean, Mr. Reigh Carpenter, Mr. and Mrs. McNamara, Mr. and Mrs. Floyd Brewer, Mr. and Mrs. Josh Ricker, Mr. and Mrs. Paul Liscio, Mr. and Mrs. John Jensen, Mr. and Mrs. Bodnar, Mr. and Mrs. Leigh Danenberg, Mr. and Mrs. George Waldo, Mr. and Mrs. Alfred Bodine, and Mr. and Mrs. Tom Nichols.

Fresh Committee

The Freshman committee who worked with Miss Margery Osterhout were as follows: Albert Ross, William Kennedy, James Shaw, Frank Rizzardi, James Roach, Ed Rogolowsky, Warren Vantlisch, Elaine Tessler, Beatrice Dupont, Dorothy Kisco and Marilyn Smentino.

Radio Course Student Now Staff Announcer

A course in radio at your Alma Mater has a far-reaching effect. If you don't think so, take the case of Harold C. Emerson, 22 Alden Court, Milford, a former student, now staff announcer at station WSKB, McComb, Mississippi.

Harold took a radio course last year under Wallace Dunlap, station manager at WLIZ, who taught in the Evening Division. Mr. Dunlap this week received a letter from his former student telling him of the new job which was obtained solely on the basis of his course at UB.

Former Evening Student Publishes National Magazine

Louis Prifti, a Scribe staff member in 1947-48, studied journalism at UB and now publishes the "Shqiptari", an Albanian magazine which is circulated throughout the country to over 600 subscribers.

Louis an ex-GI, who lost his parents in the last war, was brought to this country by his father when he was seventeen. Michael Prifti brought another younger son to the United States and in 1943 he went back again to get his wife but never returned.

Stationed in Bari, Italy, near his home, Louis was saving up time to visit his parents in the Village of Borova when he learned through a cousin that the entire village had been destroyed by the Nazis. He then spent the 16 days he had saved up searching in vain to find a trace of them.

Louis survived these blows and after serving as an ariel gunner in the Pacific area he returned home the recipient of the Distinguished Flying Cross and other medals. He became a delivery man for the United Food Stores and studied journalism and worked on the Scribe staff in the evening at UB.

Still holding his truck drivers job, Louis is truly a split personality. Truck driver by day, magazine publisher by night.

Famous Radio Comedian to Be Honored at Upsala Game

The stage has been set by the Gridiron Week Committee for fun and frolic attendant tomorrow on the presentation of the D.D.L. degree (Doctor of Delightful Living) to radio comedian, Henry Morgan.

Mr. Morgan will don cap and gown tomorrow night at 9:30 p.m. for the ceremonious presentation of the degree between the halves of the UB-Upsala game in the Candlelite Stadium.

Scribe Citation Winners Bid for Political Jobs

A 1948 and a 1949 Scribe citation winner have put in their bids for political jobs in the town of Milford.

Throwing his hat into the Milford political ring is Alfred R. Wolf, director of counseling and assistant professor of psychology who this week became the second Bridgeporter in Milford politics with his announcement of candidacy for the Board of Education from the fifth district.

UB's other representative in Milford politics is Reigh Carpenter who was recently named a Milford Fire Commissioner and is running for the town council. Wolff and Carpenter, both ex-GI's have declared themselves as independents and have refused to line up with any of the political factions battling for supremacy in the October 3 election.

Wolff, who was elected last Spring by the Scribe Editors as the faculty member contributing most to bettering student faculty relations, holds degrees from Dartmouth and Columbia where he is working for his Doctor of Education degree.

He is chairman of the leadership training committee of the Bridgeport Junior Chamber of Commerce and is a member of the Connecticut Vocational Guidance and the Connecticut Mental Hygiene associations.

Carpenter, who was cited in 1948 as the student leader doing the most to promote campus activities in general, is a graduate of the University and now teaching at the Stratfield School in Fairfield.

Registration for Day School Tops Old Mark

Registration for the day school in all the colleges of the University has surpassed the mark of last year, which was the highest in the history of UB. 1807 students registered last Fall. For 4 years in a row UB has set a new registration record. This year the total was 1900 at the time of this printing.

Al Capp Present

At 5:30 p.m. he will ride with cartoonist Al Capp, 1948 degree recipient, in the Second Annual Shmoosday parade. Mr. Capp, a former Bridgeporter and creator of the Shmoos in the cartoon, "Li'l Abner," will assist with the first Birthday of the all-supplying little creature and resulting Shmoosday.

John Cox, student council president, who will assist in the presentation along with Mr. Capp and Carl M. Lynge, president of the Chamber of Commerce, said that

'Big Shmoos'

HENRY MORGAN

Mr. Morgan would receive the award "because of his outstanding career during the past several years as a wholesome manifestation of the spirit of the American people."

Prior to the parade Morgan and Capp will take part in the ASAS, Inc.'s party for underprivileged and crippled children on the front lawn of the Red Cross building on Park Avenue.

Youngest Announcer

Morgan, once America's youngest commercial radio announcer (age 17) has been noted for his antics on the air particularly with his kidding of the sponsors of his various programs. Reputably mischievous since the age of one, Morgan was already famous before the war and after his two and a half year hitch in service, returned to radio in 1945

KEYES STAR PRESS, INC.

FROM THE VICE PRESIDENT'S DESK

On behalf of all of us I cordially welcome you to the University of Bridgeport. Through the years our campus has been known as a friendly place. We are confident you will find it so this year.

It is always pleasant to welcome new students to the University. Here you will find the opportunity to fulfill your educational objectives if you will accept the responsibilities which go hand in hand with your goals. You can be assured that we will do our part to provide you competent faculty and adequate facilities. In addition to the regular academic program you will find innumerable opportunities for participating in various kinds of activities. Although we all understand that your academic studies must have priority, yet I would urge you to take advantage of all aspects of the total University community. If you will view your experience in the University as taking place on a two-way street with the opportunity on one side for you to take advantage of all the privileges and rights which come with your college matriculation and on the other side with the obligations which you have to assume as college citizens, I am certain that our goal of building a better University of Bridgeport will be gained.

I want to extend to you a very cordial invitation to attend the President's Reception on Friday evening, October 14. It will be a privilege to greet each one of you personally at that time. The President's Reception has become a tradition at the University of Bridgeport. It provides an excellent way for you to meet many of the faculty and staff. Plan now to attend.

President Halsey and I cordially welcome you to the University of Bridgeport. It is our sincere desire that your experience will be successful and that you will find in the friendly atmosphere of the campus all that is good and fine.

Cordially yours,
Henry W. Littlefield, Vice President

TO THE CLASS OF '53

On behalf of the Student Government Association of the University of Bridgeport, I wish to welcome you to the campus of our University. Everything you do at the University reflects upon its reputation and we want to make those reflections bright.

You come to the University with many purposes: some are here for mental stimulation, many are here for vocational advancement, others seek to develop their cultural backgrounds. We hope that through the facilities provided, you will attain your desires. However, a truly liberal education includes more than just teachers and books. It means participating in the activities of the school community—social functions, athletics, Scribe, and activities of social and professional fraternities. Everyone's wholehearted interest, whether it is in the classroom, in the dormitory or on the athletic field, is going to make your college a place of which to be proud.

Student organizations on our campus represent all areas of student interest. They are accepted by students, not only as an outlet for interest satisfaction, but for the development of leadership and personality. We of the Student Council desire to be of the greatest possible service to the students whom we represent. You can help us by bringing to us your ideas, your suggestions, and your problems.

The Student Government Association represents all students and promotes the best interest of the student body. It seeks to obtain cooperation between organizations, and to promote responsibility, self-control, and a strong school spirit among the students.

In the next four years you will make lifetime friends. Before you know it you will have a vast number of new acquaintances keeping you busy every minute. This is your college now. If you pass through it successfully, it will be your Alma Mater; the memories of these days will last longest and be most cherished during your life. These years will go by quickly—enjoy them—make the most of them—profit by them.

JOHN J. COX President, Student Council

SKIP THIS!

Didn't you notice the heading on this paragraph? Didn't you see that you were to skip this? Then why on earth do you go on reading this? We assure you that you'll get nothing out of this paragraph; and that, if you haven't stopped, you are only wasting your time. If you have any character at all, this is the time to stop. Didn't you understand? Stop. Now we are halfway through the paragraph and you're still going on. You just can't stop reading the next line, or can you? You can't, and we were right. What are you getting out of it? Nothing at all, yet you go on and on. And now there are only a few lines left, and this is your last chance to show that you have some will power left and stop. But you're probably still curious enough to keep on wasting time reading these last words. Aren't you?

Paragraphing The News

A graduate study course for nurses has been announced by the College of Nursing for a fifteen week period beginning September 28. Social and health factors in nursing will be taught by Miss Hedwig Toelle, assistant professor of Social and Health Aspects of Nursing at Yale university.

Construction of the engineering-technology building is proceeding according to schedule and the wing housing the mechanical engineering lab will be ready for occupancy Monday. John Bodnar, director of the engineering division, has announced receipt of several gifts of testing machines for the laboratory.

Bulletin's Editor

Miss Ruth E. Conlin has been appointed editor of University bulletins according to an announcement by Dr. Harry A. Becker. Miss Conlin will consolidate the duties of the catalog editor and editor of the faculty bulletin.

A hobby course in conversational French will be offered for the first time this fall. No pre-requisites are necessary for this non-credit course, although a background of elementary French would be desirable. Class meetings will begin September 27 and will take place from 7-8 p.m. every Tuesday in Bishop Hall.

New Organ Instructor

The appointment of Newton Hoffman as instructor of organ and theory as well as choral work to fill the vacancy left by Arden Whitacre who has joined the faculty at the University of Texas was announced earlier this month by Edward F. Byerly, director of music.

A total of 67 bachelor's degrees, 36 associate's degrees, and 4 evening college certificates were granted at the University's last summer commencement earlier this month. Dean Arthur H. Hughes of Trinity college was guest speaker.

A course in public relations will be offered at UB this fall as a part of the expanding programs in both journalism and management in the College of Business Administration. William Scholz, Jr., manager of community relations at the General Electric Co., has been appointed instructor for the course, which will open Monday.

Mr. Louis Ice, former librarian at Sampson College, has been appointed head librarian to succeed Russell Davis. Miss Katherine Colgrove of Trinity College, Hartford, has been

appointed assistant librarian and cataloger.

VA Announcement

The Veterans Administration announced last week in instructions to colleges that veterans who have completed or discontinued courses of G. I. bil training and who wish to take additional education or training at government expense must first show the Veterans Administration that their new course is not vocational or recreational but is essential to their employment objective. This new ruling will take effect on November 1.

Byron H. McKinney, Dumont Television Network producer-director, has been appointed instructor of the University's new television course. He was one of the two staff producer-directors the Dumont network used to get the first all-day television operation started in 1948 and was assigned to build, produce, and direct twenty-five shows per week.

VETERANS AFFAIRS

By AL SHERMAN

The V.A. issued Instruction No. 1-A, Public Law 862, 80th Congress; Public Law 266, 81st Congress, on September 12, 1949, which represents the tightest crack down on education and training under the GI Bill of Rights. These regulations will not effect full time or part time veteran students who were enrolled at the University of Bridgeport last Spring or this Summer, and continuing with same program. However, a veteran applying for an original or a Supplemental Letter of Eligibility after September 12, must have the new type Certificate which shows both his course and the Institution in which he is to enroll. Some of the highlights of Public Law 266 as they pertain to Institutions of Higher learning are as follows:

1. All veterans who have discontinued training must apply for a Supplemental Letter of Eligibility if you wish to reenter training. In your application you must state the school you wish to re-enter, the course, and the justification as to why you discontinued and wish to re-enter. This applies to both full and part time students.

2. Any change in course or goal of a veteran must be approved by the V.A.—formerly the college could change your goal.

3. For those veterans who have graduated or will graduate with a B.A. or B.S. Degree, the V.A. will not issue a Supplemental Letter of Eligibility for further education, unless the veteran submits complete justification that the new course is essential to his employment.

It is expected that there may be some slight changes in the above regulations. You will be notified of them through the Scribe as well as the Bulletin Boards.

ATTENTION VETERANS WHO HAVE CHANGED THEIR DEPENDENCY STATUS DURING THE SUMMER MONTHS.

In order for you to receive the increase in subsistence due to changes in dependency, you must present evidence (Marriage Certificate or Birth Certificates) directly to the V. A. located at 95 Pearl Street, Hartford, Connecticut.

Cooperative Work Study Program Gives Students Actual Job Experience

The only cooperative work study program in operation between Philadelphia and Boston is now functioning at the University of Bridgeport under the guidance of Anthony Jevarjian, coordinator.

First students to participate in the program, Robert Ziller and Richard Marshall, sophomores majoring in accounting, are dividing their time between studying at the University and working on the job at Edwards and Company, Norwalk.

Ziller has just completed his first round of work in his major field at Edwards and Company and returns Monday to the campus while his partner takes over the duties at the plant.

Alternating semesters of work and study give these students an opportunity to integrate the experiences of actual work in their field of endeavor with formal education obtained at the University.

Others in Program

Sixteen other young men or women of the University will be active in the Co-op program this year in the following places: Brennan Publications, journalism; Columbia Recording Company, accounting; Connecticut Chemical Research Company, Forsberg Company, Singer Company, Tilo Roofing Company and Underwood Corporation, engineering.

Basis for selecting students for these positions are: aptitude for academic work, evidence of leadership, personality and ability to adapt to a particular plant.

Job In Major Field

The Co-op program, according to Mr. Jevarjian is not merely one where a job is obtained for the student so that he or she may study. The job is selected in the particular field of study in which the student is majoring. As one student stated, "It is not so much what I learn in the classroom that is important, but rather what that enables me to learn on the job."

Work and study run through summer and the entire course is completed in 4½ calendar years. Salaries are at prevailing wage levels, and work periods start in September, January and June of every school year.

THE SCRIBE NEEDS YOU! . . .

• All students with or without experience can work on the SCRIBE . . .

• You will be taught your job . . .

• Be sure to sign up at the SCRIBE booth in the Stables . . . on Thursday, Sept. 29, the first week of classes . . .

• Only through your help can we turn out a good paper.

Grid Opener With Upsala Tomorrow Night

Knights Open 1949 Season In Top Form

By CLINT HOYSRADT

It will be a different Purple Knight eleven that faces the Upsala Vikings this Saturday night at the Candlelite Stadium, 8:30 p.m.

Generally speaking, UB football is out of the freshman class and has graduated into a full-fledged college eleven. It is now a unit of well-versed, college players. Each player knows his assignments. It is strictly a matter of who can carry out those complicated maneuvers with the most verve and sureness.

Five Starters Picked

Coach Kay Kondratovich picked five of his starters, last week-end, and it came as a surprise to no one who has followed the UB squad through the last three weeks of pre-season drills. They were natural choices based on past showings.

Object of much speculation is who will fill the six spots left vacant to form Saturday night's starting eleven. Coach Kay, and his assistants Al Sherman and Tom Nicholas still have to decide who will start at left squad, right tackle, fullback and left and right half-back.

Half-backs could be any one of the followign: Johnny Longo, Joe Findstein, Frank Costa, Frank Falanga or Tony Ross. Quarterback depth to replace "Duck" Marchette is Frank Giannini and Art Wargo. After all the fullbacks that reported with the original 70 odd fall fledglings have wilted, there remains "Rock" DiMenna and Tony Lombard as buckers.

Solid Line

On the forward wall is solid material such as tackle candidates Dan Paoletti, John Bejeck, and John O'Rourke. Giving an ailing Hank Newman aid on the other side of center could be guard prospects Paul Petrucelly and John Avola. Candidate for "the man who leaves the huddle first", is letterman Hank Bednarzyk with plenty of competition from defensive stalwart Bernie Lengentil, and do not underestimate rangy, two months from the Marine corp, Bob "Whitey" Kyde.

Anyone who has been watching the candidates working-out since

First row: Arnold Epstein, Dan Paoletti, Norman Victor, Louis Saccone, John Bejeck, Hank Bednarzyk, Anthony "Tim" Ramik, Richard Washor, Paul Petrucelly, Hank Newman, John Di Menna. Second row: Peter Petti, Joe Finkelstein, Bob Benson, Dan Domogala, Frank Falanga, Andy Olayos, William Mora n, Frank Giannini, John Longo, Tony Lombard, Art Buchannan, Frank Costa. Third row: Walt Budney, Tony Ross, Donald Marchette, Ed Fainer, Bob Kyde, Art Wargo, John Charak, Anthony Bruno, John Avola, Ray Hirth, Ed Hall. Fourth row: Abe Gordon, manager; Freeman McMonegle, manager; Walt Kondratovich, head coach; Al Sherman, assistant coach; Tom Nicholas, assistant coach; Ray Longden, Marvin Kempler, mgr.

Calendar of Meetings

SCRIBE organizational meeting will be held Tuesday, Sept. 29, from 8:30 to 4:30 p.m. in the Stables. Contact Lee Broadwin.

WISTARIAN organizational meeting will be held Thursday, Sept. 29, at 4:00 p.m. on the third floor of Fairfield Hall.

CAMPUS THUNDER try-outs will take place October 4-5, at 7:30 p.m. in the Little Theater.

Aug. 29, would probably guess the following to be the starting line-up for Saturday's tilt with the lads from the Garden State. Backfield vacancies will probably be filled by John DiMenna, Johnny Longo, and Frank Falanga. Likely tackle and guard starters are Dan Paoletti and Paul Petrucelly, respectively. Rumor has it that Frank Giannini might get a shot at the signal-calling spot early during the Saturday game.

CHORUS organizational meeting will be held Monday, Sept. 26 during per. seven in Fones Lecture Hall.

ORCHESTRA organizational meeting will be held Tuesday, Sept. 27 periods 5, 7 and 8 in Fones Lecture Hall.

BAND organizational meeting will be held Tuesday, Sept. 27 period 9 in Fones Lecture Hall.

ENSEMBLE organizational meeting will be held Monday, Sept. 26, period 8 in Fones Lecture Hall.

CHEERLEADERS will meet Sept. 20-23 at 6:30 p.m. at the Bishop House.

Sports Review

By the Purple Knight

UB Football

The second year of football will begin at UB tomorrow night when the Knights take on the Upsala Vikings at Candlelite Stadium. Now a club with a years' experience in the books, the Knights figure to be quite a scrappy outfit with plenty of strength afield as well on the bench. Chet Gladchuk has gone and in his shoes we find the able Walt Kondratovich, former Harding and Columbia star. Unlike last year we know that the UB squad is a team that will fight all the way down the line—win, lose or draw.

... And it promises to be a rough schedule for our sophomore team as their first opponent comes into Candlelite boasting a 5-2-1 record for last year's play. Besides Upsala; Wilkes, Ithaca and Arnold are high scoring teams with good records. New Haven Teachers, Panzer and Hofstra don't figure to be any trouble unless they can come up with some new and improved talent.

The two weeks following tomorrow night's game will find the purple and white on the road, facing the Ithaca Bombers at Ithaca, N. Y.; and the Wilkes Colonials at Wilkesbarre, Pa. Then back to Candlelite stadium where they play host to New Haven Teachers and Panzer College. On November 5 the Knights take on Hofstra at Hempstead, Long Island; and then return to finish the season against the Phys. Eds. from Arnold College of Milford. So—go to it men.

A good record this year means a better schedule next year and before long one of the best teams in New England may be stationed right here at UB.

Football Preview

Throughout the nation the top college grid teams look to be repeats from last year. Of course Notre Dame under Frank Leahy rates about the best but they face one of the toughest schedules of recent years.

SMU and Doak Walker look like the best in the Southwest and it will be interesting to see the outcome of the SMU-Notre Dame game on December 3.

On the Coast the Trojans of Southern California may be a hard team to beat but Stanford and Oregon will be in there fighting for the Pacific Title.

The powerhouse of Tulane shapes up as the team to beat in the South and schedule includes some of the best. Teams such as Notre Dame, Navy, Alabama, Georgia Tech., Auburn, Vanderbilt, Louisiana State and Mississippi State.

In the Prairie States it looks like the Sooners of Oklahoma. Although they had rough sledding last year Oklahoma appears to have another great line in which Wade Walker and Stan West will play a big part.

Cornell in the East has the best rated team since 1940 when they beat the Western Champions—Ohio State. Using the two-platoon system, Cornell has some of the best defensive players in college football. On the offense no school has a better supply of offensive backs.

Major League Baseball

In both leagues it looks like a race against the clock to see if the current league leaders can hold on long enough to clinch the pennant.

In the American League the high flying Yankees must once again prove their worth when they enter Beantown this weekend to meet Joe McCarthy's Red Sox. The Yanks who have been plagued by a never ending array of injuries must be on their toes in this series but the burden of proof lies with the Hub team. On paper the McCarthy men should have sewed it up long ago. They hold almost every record in the league and have two 20 game winners on their mound staff but their inability to beat the Stengeleers will probably cost them the flag.

On the other side of the fence the Yanks cannot boast of a .300 hitter who has played all season and only DiMaggio and Silvera have a better than .300 mark now. The ability of Casey Stengel as a manager has come

into light. 'Ole Case has juggled his lineup to perfection and every man called upon has come through in fine style. Although his star pitchers get batted around now and then, the brilliant relief corps of Casey, Buxton and the amazing "Smokey Joe" Page places the league leaders in the more favored position.

In the senior loop, the Redbirds seem to have the edge over the Dodgers. Its been tough for Eddie Dyer at times but with the splendid pitching he has been getting of late, and the hitting of Stan Musial it looks like the Cards are in. Burt Shotton's

David Zimmer, Chairman of NSA Campus Commission, Elected Regional Chairman

Regional offices for the Southern New England Region of the United States National Students Association were moved to UB this month with the election of David E. Zimmer as chairman at the concluding session of the Second National Student Congress, held Aug. 24 - Sept. 3 at the University of Illinois. Mr. Zimmer, chairman of the NSA Campus Commission, is also Northeastern Area, Penn., New York, and New England, chairman of the NSA sub-commission on Educational Practices and Human Relations.

Zimmer who will also serve as regional treasurer, succeeds Ben Labaree of Yale University who was elected chairman last Spring when Chris Parrs, father of the UB constitution, resigned from school.

Others Present

Other members of the four man delegation which attended the congress were James Dlugos, Walter Nichols, and Benjamin Raubvogel, who was elected regional public relations director.

In air-conditioned meeting rooms more than 800 delegates and alternates representing almost a million college students in more than 300 colleges and universities spent ten intensive days and nights trading ideas, learning about situations other students face, and how to better understand each other.

Discussion and decisions on NSA policy for the coming year centered on discrimination, and segregation, academic freedom, international affairs, and Federal aid to education.

Discrimination Cited

Taking a stand on the eventual elimination of discrimination which was called "neither right nor left," the NSA adopted the "Michigan Plan" used at the University of Michigan. It calls for banning of any new campus organization with discriminatory clauses in its constitution or charter and for the education of present groups with discriminatory clauses.

The National Interfraternity Council and the National Panhellenic Conference were urged to eliminate discriminatory clauses within member social sorority and fraternity groups.

On Federal Aid to education, students were for Federal Scholarships and fellowship grants, but were careful to stipulate that they were against any "possibility of Federal control or pressure on the student of the institution."

They asked that scholars be given funds on the basis of an objective examination of need and merit,

charges have been rolling along but the breakdown of their mound staff and the overwork of their key pitchers points to second place. If they decide to catch on fire—watch out! The less said for Leo Durocher and the Giants—the better.

Next week will tell the story.

and that individual students reserve the right to choose the schools they attend.

They also included a clause asking that scholarships and fellowships be granted without regard to race, color, or creed.

Aid should not be discriminatory, but "where segregation exists in the primary and secondary levels of education in a state, scholarships in higher education should first be divided in proportion to racial groups within the population."

Students cracked down on unfair practices in colleges and universities, calling for legislation to eliminate methods of refusing enrollment to minority groups.

Oral and written inquiry as to the applicants race, religion, national origin, political beliefs or economic circumstances were denounced.

Application forms which require photographs of the individual applicants and quota systems to limit minority groups were also condemned.

"Character and academic standing are the only qualifications for enrollments."

Exceptions Listed

Several exceptions were listed in the anti-unfair practices resolution: Denominational schools could require applicants to be of their religion.

Non-coeducational schools may refuse to enroll students of the opposite sex.

Teachers Colleges may use sex-quotas to insure a sufficient supply of male and female teachers.

State and municipally supported schools may give priority to students from their own domains.

NSA defined academic freedom as the right of a scholar to seek the truth, discuss his subject, and offer his conclusions through publication and classroom instruction.

"Membership in any political, religious, or other organization or adherence to any philosophical, political, or religious belief do not constitute in themselves sufficient grounds for dismissal or failure to rehire educators," they declared flatly.

If universities and colleges have any ideological qualifications for teaching, they should state it—in writing—to the teacher, before hiring him.

Continue Present Policy

NSA will also continue its present policy of "efforts of cooperation on specific projects of a non-political nature" with the International Union of Students.

Increased numbers of American students will study, work, and travel abroad. More than 1,500 will go to Denmark alone. Asia, South America, and Africa will be added to present travel lists. Students may be represented on the Fulbright scholarship committee.

Under consideration are exchange of articles to periodicals in other countries, international publications clearing house, international art festival, international study tour of India, film exchange, broadcasts abroad, exchange of radio, stage scripts, international seminar on student life.

Educators Present

Prominent educators who addressed the convention were: Dr. Harold Taylor, president, Sarah Lawrence College; Dr. Francis Brown, American Council on Edu-

cation; Dr. Hayward Holbert, Counselor to Student Organizations, New York University; Robert Huddleston, North American Student Cooperative League; George Houser, Committee on Racial Equality, and Wim Heyneker, Dutch Office of Foreign Student Relations.

Others were: Frank Sulewski, World Student Service Fund (WSSF); Dean Newhouse, Dean of Students, Case Institute of Technology; Gordon Klopff, Student Personnel Advisor, University of Wisconsin; George Howatt, instructor in political science, Lehigh University; Sigvard Wolontis, general secretary, International Student Service (ISS); Ravindra Varma, president, All-India Student Congress; Dr. Buell Gallagher, U. S. Office of Education; and Dr. Helen White, U. S. Commission for UNESCO.

Students May Register For Selective Service At Bridgeport Board

Hartford, Sept. 12—University of Bridgeport students who become 18 years of age after the school term starts need not return to their homes to register under the Selective Service Law, Connecticut State Director Morehouse said today, but may register at the local board most convenient to them, as may others when they reach the age of 18.

"The law requires registration of all young men—with very few exceptions—within five days after their eighteenth birthday," General Morehouse said, "but there still seems to be some misunderstanding as to the place of registration. All the young man has to do is present himself to the local board of registration place designated in that particular area most convenient in the place he happens to be when he becomes 18. The registration process is simple and requires

only a short time. The data thus gathered is sent to the local board of the community he terms his home and which has jurisdiction over him."

When the registrant has a permanent home, the permanent home address should be given to registration officials, the State Director said. For this purpose, "home" is the place where the registrant normally identifies himself and desires to be classified.

The law is also specific in its requirements concerning obligation of a registrant to keep his local board informed as to any change in his address—where he may be reached by mail, that is—or change in his status under the Act.

The Director emphasized that the requirements to register and legal obligations of registrants were in no way altered because there have been no inductions within the past few months.

Here's Morgan

(Continued from Page 1)

as the star of "The Henry Morgan Show," which has been burning out home radio sets ever since. He has been likened, not accurately, to every funny man since Chaucer.

Morgan has been unpredictable from his earliest days on radio when, as a studio guide, he on occasions, conducted groups of women visitors and without their being aware, led them into the men's room where he abandoned them.

Morgan's "Man on the Street" started him imitating other people when he would be unable to find anyone to interview and deemed it good business to be both the interviewer and the interviewee. "Good morning, madam," he would cry, "What brings you out on such a stinking day?" Then he and the fictitious lady would have a pleasant chat. He frequently tossed records into the corner and broke them when he finished playing them.

Morgan's Quips

At an early stage Morgan began giving weather reports: "Snow, followed by little boys with sleds" was a favorite. There were others: "Low

pressure areas from Cape Hatteras to the base of the skull"; "High winds, followed by high skirts, followed by me."

One of Morgan's sponsors, Life Savers, had a sufficient dosage after a single broadcast in which he attempted to demonstrate that the company was mulcting the public by drilling a hole in the center of a confection. He indicated he would soon put on the market a supplement known as "Morgan's Mint Middles."

He speaks to children, first asking their parents to leave the room, while he advises them to leave home before it's too late. Yes, Morgan comes to UB tomorrow!
